PRODUCT SELECTION GUIDE

OPEN THE DOOR TO INSPIRATION

Whether it catches a neighbor's eye from the street or welcomes you home at the end of the day, a garage door often creates the first impression for your home.

It goes beyond material or function: The right garage door sets the tone:

Clopay's commitment to eye-catching, durable and reliable doors has made us North America's bestselling garage doors. If you want to complement your home's look, break the mold or simply protect the things that matter most to you, explore our wide selection of customizable designs to find a door you'll adore.

DOOR IMAGINATION SYSTEM™

GET A DOOR THAT WOWS

We offer the widest range of garage door options to ensure there's a door that fits your home's style. Make your door your own by picking out customizable details such as colors, finishes, windows and hardware. Then use our visualization tool, the Door Imagination System™, to see the transformation on your home.

HOW TO SELECT YOUR NEW DOOR

Choose a Construction Material

Pick from natural wood, steel, composite overlay, or aluminum and glass.

Find your Style

Choose a door from our wide range of styles, and complete the look with hardware and window options.

Add Insulation

An energy-efficient garage door can keep your house 10–20 degrees warmer in the winter and cooler in the summer. It also reduces noise and improves durability.

View the Door on your Home

Our Door Imagination System™ lets you see your customized garage door directly on an image of your home — so you can be sure you love the look before committing.

ALUMINUM & GLASS

Maximizing Indoor-Outdoor Connections

The perfect choice to modernize any home, our Avante® aluminum and glass garage doors turn an ordinary garage into a stunning architectural focal point. Fitted with tempered glass panels, the door fills the garage with natural light during the day and delivers a dramatic effect when the lights come on at night. The commercial-grade aluminum frame can be insulated and comes in a number of colors to complement your home, while a variety of glass and acrylic window options let you bring in as much or as little daylight needed without compromising privacy.

Asante® / Bronze (Rounded) Frame with Clear Insulated Glass

AVANTE®

Clean lines, broad expanses of glass, and sleek, low-maintenance appeal have made the Avante® garage door a preferred choice among builders, architects and homeowners. Not just for the garage, owners are customizing this modern door in unique sizes and finishes to use as a patio, pool house or party barn door that opens up for gatherings when the weather is nice.

Model AXU

Model AX

STYLE AND CONSTRUCTION

- Aluminum frame provides a virtually maintenance-free, long-lasting door.
- Intellicore® polyurethane insulated rails and stiles. (Model AXU)
- R-value 3.8/ U-Factor 0.86: (Model AXU when glazed with clear insulated glass)
- Section joint seal helps keep out air and water.
- Integral reinforcing fin provides increased strength and longevity. (Available on double car models)
- Heavy-duty steel ball bearing rollers with nylon tires provide quiet operation.

Doors wider than 14' include built-in reinforcing fin. Standard doors 12' and under do not use built-in reinforcing fin. Usage on widths 12' to 14' depends upon glass weight. WindCoat® doors may vary.

Calculated door section R-value is in accordance with DASMA FDS-163.

COMPACT vertical STACKING door

VERTISTACK®

AVANTE®

Connect to the outdoors with our VertiStack® Avante® modern aluminum and glass garage door. The unique, compact design stacks sections vertically on the wall above the opening, eliminating the need for exposed hinges, cable or overhead track for a crisp, clean look. Closed, the glass panel door lets in daylight and outdoor views. When opened, the interior footprint extends outside, creating an easy flow during gatherings.

Model VSAXU

Model VSAX

STYLE AND CONSTRUCTION

- Aluminum frame provides a virtually maintenance-free, long-lasting door.
- Intellicore® polyurethane insulated rails and stiles. (Model VSAXU)
- Section joint seal helps keep out air and water.
- Heavy-duty steel ball bearing rollers with nylon tires provide quiet operation.

GLASS/PANEL OPTIONS

Glass available in single pane or insulated (laminated and mirrored glass not available insulated).

Panels can be aluminum to match the frame. Glass/acrylic panels may be combined with aluminum panels. Custom glass and colors available.

OPEN CONCEPT

The stacked sections require minimal projection off of the wall, so the door doesn't interfere with mechanical, electrical or plumbing fixtures, leaving room for fans, lighting, overhead storage or extended height ceilings. The sections can even be recessed into a ceiling soffit so when the door is open, no one will know it's there.

For residential applications and interior mount only.

AVANTE® SLEEK

A departure from the standard grid-like pattern, the Avante® Sleek has slim horizontal windows and minimal vertical stiles for wide, unobstructed views. If you're in search of a garage door with a minimalist frame design that gives off "panoramic vibes" and lets in plenty of daylight, this is it. Customize the door in a number of painted or anodized finishes and glazing options.

STEEL

Strength and Durability That Fits Your Style

Strong and durable, steel is the backbone of almost every garage door. It also offers the most possibilities when it comes to door size, insulation, windows, pattern and color. Yes, color! If you are considering a steel door, you'll definitely want to explore our Ultra-Grain® wood-look and Lustra™ matte paint finishes. If you haven't looked at garage doors lately, you'll be pleasantly surprised to find endless ways to make a steel door stand out.

Galaxy® Steel / Luma Panel, shown in
1800-CR-0414, 1800-CR-0415 and 1800-CR-0416 finishes

GALLERY® STEEL

We've taken the iconic raised panel steel garage door and given it a vintage feel by adding a grooved panel design, optional windows, decorative wrought iron hardware and many unique color choices, including our Ultra-Grain® wood-look and Lustra™ matte finishes. The result is classic, versatile styling and durability at a price that bridges the gap between simply being on your wish list and reality.

STYLE AND CONSTRUCTION

- 1-layer, 2-layer or 3-layer construction with short or long vertical grooved steel panels.
- Intellicore® polyurethane or polystyrene insulation. R-values from 6.3 to 18.4.
- Hot-dipped galvanized steel skin with a baked-on primer and top coat helps ensure durability and long-lasting beauty.
- Glass options include clear, frosted, seeded, rain, obscure and wrought iron designs as well as insulated. Grilles are removable for easy cleaning. See page 61 for details.
- Comes with spade lift handles and step plates. See page 62 for more options.

Calculated door section R-value is in accordance with ASTM E 905.

MATTE LUSTRA™ FINISH

Prefer a different look than an embossed woodgrain or stucco steel surface texture? Our Modern Steel™ garage doors also come in Lustra™, a low-gloss matte finish available in Black, Charcoal and Silver. Paired with contemporary slim windows or as a solid door, it's easy to create an eye-catching modern facade that's both energy efficient and durable.

- Available on select Gallery® Steel, Bridgeport™ Steel and Modern Steel™ garage doors. (24 gauge steel models only)
- Due to the finish texture, Lustra™ doors cannot be painted a different color.

COMPOSITE OVERLAY

The Look of Wood Without the Upkeep

For homeowners who want the look of wood without the upkeep, composite overlay doors are an excellent choice. Our faux-wood doors are constructed with an insulated steel base door for strength and durability and topped with a moisture-resistant composite overlay molded from natural wood boards.

This gives the doors their realistic grain patterns and textures while keeping them low-maintenance. Like wood, the doors can be painted, and in most instances, stained, for a look that is distinctly yours.

CANYON RIDGE® Carriage House

5-LAYER CONSTRUCTION

Canyon Ridge® Carriage House 5-Layer garage doors capture the charm of old-world carriage style doors in a durable, moisture-resistant construction. Composite overlays give you a low-maintenance wood alternative that looks and feels like the real thing, and the peace of mind that comes from having a superior insulated steel core construction. Choose from three species: Clear Cypress, Pecky Cypress or Mahogany, and a variety of paint and stain colors to create a custom look. The result is a stunning carriage house door you will enjoy for years to come.

versatile COASTAL CHARM

CANYON RIDGE® Louver

If you use more than one adjective to describe your home's style, we have the perfect transitional garage door for you. Versatile and unique, plantation style Canyon Ridge® Louver doors are a perfect complement to coastal cottages and colonial homes. They can also be a standout piece on traditional exteriors or modern farmhouses. Whatever your style, these doors add "wow" factor to your home. As with all Canyon Ridge doors, they are constructed with a durable, insulated steel core topped with horizontal faux-wood composite "slats". The result is a low-maintenance door with dimension and flair.

4-LAYER CONSTRUCTION

Another beautiful, low-maintenance alternative to real wood is the Canyon Ridge® Carriage House 4-Layer faux-wood garage door. Similar in style and construction to its 5-Layer counterpart, it also has an energy-efficient Intellicore® polyurethane insulated steel core topped with Clear Cypress composite overlays to create a carriage house design. The 4-Layer door has fully visible steel panels that can be finished in Ultra-Grain® for a stained wood-look or painted a solid color to match your home.

- 1 COMPOSITE OVERLAY
- 2 STEEL WITH ULTRA-GRAIN® FINISH (SHOWN) OR SOLID COLOR STEEL
- 3 2" INTELICORE® POLYURETHANE INSULATION
- 4 STEEL

STYLE AND CONSTRUCTION

- 4-layer steel and composite overlay doors with Intellicore® polyurethane insulation. 18.4 R-value.
- Insulated glass options include clear, frosted, seeded, rain and obscure. See page 61 for details.
- Removable clip-in window grilles for easy cleaning.
- Spade lift handles and step plates included. See page 62 for more options.

Calculated door section R-value is in accordance with DADMA TDS-182. Clopay Ridge® doors not applicable for new construction in California areas designated as "Fire Hazard Severity Zones".

CANYON RIDGE® Modern

Statement-making and sophisticated, our Canyon Ridge® Modern faux-wood garage doors combine realistic wood textures with key elements of contemporary architecture: clean, horizontal lines with mid-century appeal, sleek windows and metallic accents. The doors are constructed in a durable, low-maintenance composite material that resists rot and weathering. An energy-efficient, polyurethane foam insulated steel core provides year-round comfort. Choose from three designs in Clear Cypress or Mahogany faux-wood cladding that can be painted or stained.

- 1 COMPOSITE OVERLAY
- 2 STEEL

COACHMAN®

Both beautiful and practical, Coachman® carriage house doors feature layers of low-maintenance, insulated steel topped with textured composite overlays. Authentic details like beveled edges, a defined center groove, and decorative hardware give the look of a historic “swing-out” door, with the convenience of automatic overhead operation. Painted a variety of light colors or simply white, this door is a timeless wood-look favorite.

WOOD

Let a Natural Wood Door Welcome You Home

Both stunning and substantial, every Reserve® Wood garage door embodies our total commitment to design, detail and craftsmanship with the warmth and character no other material can match. Design a one-of-a-kind door for your dream home with our Custom option, or select a pre-configured style from our Limited Edition, Semi-Custom and Modern garage door series.

The wood we use is harvested from sustainable and naturally fallen forestry. From sourcing the right species for your climate to building each door by hand and finishing it to our exacting standards before it leaves the shop floor, you'll appreciate the attention that goes into creating an heirloom quality door made just for you.

RESERVE® WOOD

Limited Edition and Custom

A natural wood door is the kind of door that gets people talking – one that transforms “just another pretty façade” into a neighborhood style icon. Our Limited Edition lives up to its billing, featuring eight of our most popular insulated carriage house door styles handcrafted for exceptional beauty, durability and energy efficiency. Have something different in mind? Working with a professional drawing or even just an idea board, we can create the door you’ve imagined in woods like Knotty Alder, Spanish Cedar, White Oak, Ironwood and African Mahogany. Each custom door is crafted and finished using the material of your choice. Look at these examples for inspiration or start from scratch to create a one-of-a-kind design.

STYLE AND CONSTRUCTION

- Limited Edition and Custom doors are constructed in 4 or 5-layers with polystyrene insulation for energy efficiency: 5.9 R-value.
- All Reserve® Wood garage doors are built with a swing-out appearance and convenient upward operation.
- Custom doors feature unlimited design options and unlimited wood species.
- True divided windows are standard. Glass options include clear, obscure and insulated. See page 61 for details.
- Premium grade hardware, rollers and track assure smooth, quiet, long-lasting operation.
- Optional replaceable bottom weatherseal in a corrosion-resistant retainer helps seal out the elements.
- All doors can be factory primed, painted or stained. See page 60 for details.

Calculated door section R-value is in accordance with ASTM E913.

- 1 WOOD OVERLAY
- 2 OPTIONAL BASE MATERIAL
- 3 BASE MATERIAL
- 4 POLYSTYRENE INSULATED WELLOCK FRAME
- 5 2" LUAN INSIDE SKIN

*Drip cap is available exclusively on tongue-and-groove (5-layer) and grooved Extira® wood (4-layer) configurations.

DOOR DESIGNS

All doors shown 8' wide x 7' high.

MATERIAL OPTIONS

OVERLAYS

Extira® wood base and overlays cannot be stained. On tongue-and-groove (T&G) base doors, the wood species of the tongue-and-groove must match the wood species of the overlay.

Custom configurations available for custom doors.

RESERVE® WOOD Modern

Clean lines and simple forms let the beauty of natural wood stand out. Clopay's versatile Modern doors let you mix materials, shape and tone to create a stunning contemporary garage door that blends beautifully with other woods and materials on your exterior.

STYLE AND CONSTRUCTION

- Handcrafted contemporary 4-layer doors with polystyrene insulation for energy efficiency. 5.9 R-value.
- Offset window design: Features a variety of short and long windows in clear tempered glass. Other glass options include frosted and obscure. See page 61 for details.
- Accent strip design: Features contrasting decorative flush aluminum strips between horizontal plank boards to provide a beautiful contrast of materials. Design available with full or alternating length boards. Design available with full or alternating length boards.
- Horizontal cladding design: Simple plank design available with full or alternating length boards.
- Heavy-duty hinges, rollers and track provide smooth, quiet, long-lasting operation.
- Optional replaceable bottom weatherseal in a corrosion-resistant retainer helps seal out the elements.
- All doors can be factory primed, painted or stained. See page 60 for details.

Calculated door section R-value is in accordance with SASSMA TDS-103.

HOOK & LADDER NO 3

Reserve® Wood Extra® / Custom Design,
Shows Custom Finish

NATURALLY eco-friendly

RESERVE® WOOD Extra®

Enjoy the natural beauty and craftsmanship of an Extra® door that delivers enduring style and performance. Extra® is an eco-friendly, paint-grade wood composite that resists moisture, rot and termites. Engineered exclusively for outdoor use, it outperforms MDF and many wood species. It carves, routs and fastens like natural wood, giving you the freedom to create a one-of-a-kind door. Choose from modern, carriage house, or classic designs or create your own. If you are a fan of using a painted insulated door as a statement piece, Extra® is a must-see.

STYLE AND CONSTRUCTION

- Handcrafted 4-layer construction featuring Hemlock frame with polystyrene insulation. 5.9 R-value.
- Durable, eco-friendly paint-grade wood composite with smooth or grooved panel styles and unlimited design options.
- Doors have a swing-out appearance with convenient overhead operation and are built in three sections, instead of four, allowing for proportionally larger window sizes.
- Optional windows available in true divided or simulated divided designs. Glass available in clear, obscure and insulated options. See page 61 for details.
- Premium grade hardware, rollers and track assure smooth, quiet, long-lasting operation.
- Optional replaceable bottom weatherseal in a corrosion-resistant retainer helps seal out the elements.
- Color Blast® custom paint finish only. Extira® cannot be stained.

Calculated door section R-value is in accordance with DASMA TDS-163.

WOOD DOOR CARE

- Proper care and maintenance are imperative to the appearance, longevity and performance of all wood doors.
- Doors must be painted or stained on all six sides prior to installation. Failure to follow the installation and maintenance instructions will void the warranty.
- Go to www.clopaydoor.com for more details about installation and maintenance or see care and maintenance manual.
